ADOLF MORA FROM WEST PAPUA INTRODUCING DR ROGER KALLA FROM SWEDEN

Our second speaker is **Dr Roger Kalla**, a Swedish biological scientist who's worked for Australian governments and private corporations since 1988.

Roger was Chair of the Swedish Church in Melbourne when it sponsored an exhibition called *Dag Hammarskjöld - Poet and Photographer*.

Sweden voted against Indonesia's attempts to wrench sovereignty of West Papua in the United Nations in 1954, 1955, 1956, and 1957.

After Indonesia's military invasion in 1962, Sweden voted—like most other member-states—for the United Nations to ratify the New York Agreement. The vote was 89 to 0, with 14 abstaining.
