CONDOLENCES

As the Coordinator of the FRWP Department of Foreign Affairs Office in Docklands (Victoria, Australia), which is under the jurisdiction of the United Liberation Movement for West Papua, I wish to express my condolences to Mr Alfons Adadikam after the death on Monday 28 September 2020 of his wife Natalie, the mother of their three children and grandmother of their six grandchildren.

Natalie was a valuable member of the West Papuan community in Melbourne, and of the FRWP West Papua Women Office in Docklands. Papauns in Australia called her 'the guardian', because she was always ready and willing and able to help and to counsel.

Natalie was also 'the mother of the office', her hard work contributing to the extraordinary success of ULMWP diplomacy on the world stage.

Mrs. Adadikam, we cannot measure the value of your service to the people of West Papua in gold, diamonds, or piles of money as high as the sky. We can only say thank you, and pray through our tears that you will now live in eternal peace with God our Father in Heaven.

Lord Jesus, comfort the Adadikam family and the relatives that Natalie has left, and strengthen her colleagues in the Womens Office who will feel lost without her.
